Record no. dated

Subject: Notice for the collection of expressions of interest for the direct award of no. 03 Research assignments, pursuant to art. 10 of the current Regulations for the award of Research assignments under art. 22-ter of Law no. 240 of 30 December 2010 - 2026_IR_9_DMM - Funded by the project EU4H-2021-PJ4 - Grant A. n. 101102733, entitled "Delivering a unified research alliance of biomedical and public health laboratories against epidemics" – CUP code C93C23000340006, and HORIZON-HLTH-2024-DISEASE-08 - Grant A. n. 101191791 entitled "Receptor-Focused Interventions Against Orthoflavivirus Neuroinvasion and Entry" - CUP code C93C24007250006 - Scientific Supervisor and Tutor: Prof. Luisa Barzon

In this notice, all positions, professions and titles relating to the functions performed and specified with regard to gender are to be understood as referring to all genders.

The Director of the Department of Molecular Medicine

HAVING REGARD TO Law no. 168 of 9 May 1989;

HAVING REGARD TO the Statute of the University of Padua, published in the Official Gazette no. 300 of 27 December 2011, as subsequently amended and supplemented;

HAVING REGARD TO Law 240/2010 and subsequent amendments and additions, and in particular Art. 22-ter of the Law as amended by Law no. 79/2022 converting, with amendments, Decree-Law no. 45 of 7 April 2025, which introduced the Research Assignment;

HAVING REGARD TO Ministerial Decree no. 592 of 6 August 2025 defining the minimum economic treatment for post-doc assignments and research assignments - Arts. 22-bis and 22-ter, Law no. 240 of 30 December 2010;

HAVING RECALLED the current Regulations for the awarding of Research Assignments pursuant to Art. 22-ter of Law 240/2010, issued by Rector's Decree No. 4508/2025 of 31 October 2025;

HAVING REGARD TO Legislative Decree no. 17 of 9 January 2008 concerning the admission of third-country nationals for scientific research purposes, as subsequently amended and supplemented;

HAVING REGARD TO the Code of Ethics of the University of Padua;

HAVING REGARD TO Presidential Decree no. 62 of 16 April 2013 "*Regulations containing the code of conduct for public employees, pursuant to Art. 54 of Legislative Decree no. 165 of 30 March 2001*", which extended, where compatible, the behavioural obligations of the code to all collaborators or consultants, regardless of the type of contract or assignment;

HAVING REGARD TO the resolution of the Council of the Department of Molecular Medicine of 27 May 2026, which approved the activation of no. 03 Research Assignments aimed at introducing young scholars to research and innovation, under the supervision of a Tutor to be carried out at the Department of Molecular Medicine under the supervision of Prof.ssa Luisa Barzon, acting as Tutor;

ASCERTAINED that the research assignment is funded by external resources, obtained at national, international or European level, which allow the activation of direct award procedures on the project titled "Delivering a unified research alliance of biomedical and public health laboratories against epidemics" within the framework of the financing EU4H-2021-PJ4 - Grant A. n. 101102733 (CUP code C93C23000340006), and on the project titled "Receptor-Focused Interventions Against Orthoflavivirus Neuroinvasion and Entry" within the framework of the financing HORIZON-HLTH-2024-DISEASE-08 - Grant A. n. 101191791 (CUP code C93C24007250006) - Scientific Supervisor Prof. Luisa Barzon;

DEEMED APPROPRIATE to activate a procedure for the direct award of no. 03 Research assignments aimed at introducing young scholars to research and innovation, under the supervision of the Tutor Prof. Luisa Barzon;

decrees

Art. 1 – Subject

A procedure is hereby announced for the direct award of no. 03 Research assignments, aimed at introducing young scholars to research and innovation, within the framework of the research project entitled "Delivering a

unified research alliance of biomedical and public health laboratories against epidemics” and the research project entitled “Receptor-Focused Interventions Against Orthoflavivirus Neuroinvasion and Entry”, to be carried out at the Department of Molecular Medicine under the supervision of Prof. Luisa Barzon, acting as Tutor.

The Research assignment,s with a duration of 12 months and an annual gross amount, for the recipient, of Euro 22.500,00 are awarded pursuant to art. 10 of the current Regulations for the awarding of Research assignments in accordance with art. 22-ter of Law 240/2010 within the framework of the aforementioned research project, Scientific Disciplinary Group 06/MEDS-26, Scientific-Disciplinary Sector MEDS-26/A.

The Research assignments, funded by the European Commission, concerns the performance of the research activity specified as follows:

Investigation of virus-host interaction in in vitro models. Optimization of protocols for the differentiation of iPSCs into neurons, microglia, and brain organoids. Specifically, activities will include the establishment of in vitro model assays designed to explore virus-host interactions in transdermal infection, using keratinocytes, primary human fibroblasts, and 3D organotypic skin models to investigate orthoflavivirus entry and tropism.

Planned activities:

Cell cultures, immunofluorescence, confocal microscopy, flow cytometry, real-time RT-PCR, NGS.

Art. 2 – Admission requirements

Young scholars who hold a master's degree or a single-cycle master's degree in Industrial Biotechnology (LM-8), Medical, Veterinary and Pharmaceutical Biotechnology (LM-9 R) and Conservation Sciences for Cultural Heritage (LM-11 R), no more than six years ago and have a curriculum suitable for assisting in research activities may submit an expression of interest for the assignment.

The qualifications must be held on the announcement deadline date.

If the degree diploma was obtained abroad, it must be declared equivalent, for selection purposes only, to the master's degree or single-cycle master's degree by the Selection Committee.

Research Assignments, pursuant to Art. 22-ter of Law no. 240 of 30 December 2010, may not be awarded to those who are in one or more of the following situations:

- those who have held contracts referred to in Article 24 of Law 240/2010;

- permanent staff, employed on a permanent basis, of universities, public research bodies and institutions whose scientific specialization diploma has been recognized as equivalent to the PhD pursuant to Article 74, fourth paragraph, of Presidential Decree no. 382 of 11 July 1980;
- those who have a degree of kinship or affinity, up to and including the fourth degree, with a professor or researcher belonging to the Department proposing the selection or with the Rector, the Director General or a member of the University's Board of Directors;
- have already benefited from Research Assignments referred to in Art. 22-ter of Law 240/2010 as amended by Law no. 79/2022 for a period which, added to the duration of the assignment provided for in the announcement, exceeds a total of 3 years, even if not continuous. For the purposes of the duration of the aforementioned relationships, periods spent on maternity or paternity leave or for health reasons according to current legislation are not relevant.

The total duration of relationships established with holders of positions referred to in Articles 22 - (Research Contracts), 22-bis (Post-doc Assignments), 22-ter (Research Assignments) and contracts referred to in Article 24 (RTT) of Law 240/2010, even with different universities, state, non-state or online, with institutions of higher artistic, musical and dance education, with institutions whose scientific specialization diploma has been recognized as equivalent to the PhD pursuant to Article 74, fourth paragraph, of Presidential Decree no. 382 of 11 July 1980, and with public research bodies may not in any case exceed 11 years, even if not continuous. For the purposes of the duration of the aforementioned relationships, periods spent on maternity or paternity leave or for health reasons according to current legislation are not relevant.

Candidates are admitted to the selection with reserve.

The Structure that issued the announcement may order at any time, by reasoned decree of the Director, the exclusion from the selection for lack of the required requisites.

Art. 3 – Submission of expressions of interest

The expression of interest, as well as the qualifications held, documents, publications and all attachments deemed useful, must be submitted, under penalty of exclusion, electronically, using the dedicated application, on the Pica platform page: <https://pica.cineca.it/unipd/>.

The expression of interest form can be completed starting **from 1:00 PM (Italian time) on 08/06/2026** and must be submitted **by 1:00 PM (Italian time) on 18/06/2026**.

For registration, completion, signature and submission of the application, candidates must comply with the provisions of the **Guidelines for completing applications - Research Assignments** (Annex 1 - Guidelines), which form an integral and substantial part of this announcement.

The lack of signature and/or identity document is grounds for exclusion from the selection process.

The candidate may also access the procedure for completing the expression of interest through identification via the SPID system (Public Digital Identity System). In this case, it will not be necessary to sign the application form.

The submission of the expression of interest to the Department of Molecular Medicine takes place automatically with the final closure of the online procedure. Therefore, no delivery or shipment of paper material should be carried out.

Candidates whose expressions of interest have not been submitted within the deadline or have been submitted in a manner other than that indicated above are not admitted to the selection.

The expression of interest must be accompanied by:

1. copy of a valid identity document in .pdf format;
2. scientific-professional curriculum vitae in .pdf format;
3. qualifications and publications relevant to the selection;
4. any other documents or certificates relevant to the selection process.

The expression of interest form is to be considered, for all legal purposes, as a self-certification pursuant to Articles 46 and 47 of Presidential Decree 445/2000 and subsequent amendments and additions, with regard to the data contained therein and the attached documents.

Those coming from non-EU countries in possession of a valid residence permit may use substitute declarations according to the procedures provided for EU citizens, if it is a matter of declaring states, facts and personal qualities that can be certified or attested by Italian public entities or if the production of substitute declarations is made in accordance with international agreements between Italy and the declarant's country of origin.

Those coming from non-EU countries not in possession of a regular residence permit may use the online procedure for uploading qualifications in .pdf format and certificates, issued by the competent authorities of the

of their Country of citizenship, accompanied by a translation into Italian authenticated by the Italian consular authority which certifies their conformity to the original. The originals of these documents must be exhibited to the Committee during the interview, where applicable, and in any case, produced to the Structure upon any conferral of the assignment.

Any information or clarification regarding the procedures for submitting expressions of interest may be requested from the Structure (telephone number 0498276719; email ricerca.dmm@unipd.it).

For technical issues only, please contact the support service via the link at the bottom of the page: <https://pica.cineca.it/unipd>.

The candidate undertakes to notify any changes to the contact details provided in the expression of interest form.

Art. 4 – Assessment procedure

The assignment will be awarded based on the evaluation of expressions of interest received by the Research Supervisor Prof. Luisa Barzon according to the criteria indicated below:

1. Good knowledge of scientific English, both written and spoken.
2. Basic computer skills, including handling and analysis of experimental data.
3. Experience in virological techniques, including viral stock production, viral titration, and infection assays.
4. Experience in molecular and cellular biology techniques, including:
 - cell culture and maintenance of cell lines;
 - cell counting and viability assays;
 - RNA and DNA extraction and analysis by Real-Time PCR;
 - protein extraction and analysis by Western blot;
 - immunostaining/immunofluorescence techniques;
 - use of microscopy for image acquisition.

The Research Supervisor formulates an overall assessment for each candidate and selects those deemed most qualified to perform the duties of the positions, providing adequate motivation for the choice.

Art. 5 – Safeguard rules

For matters not specified in this announcement, reference is made to the provisions contained in Law no. 240/2010 as subsequently amended and implemented, in the current Regulations for the awarding of Research Assignments pursuant to Art. 22-ter of Law 240/2010 of the University of Padua, and to current legislation.

The Structure reserves the right to verify the accuracy of substitute declarations of certifications or notarial deeds made by candidates pursuant to D.P.R. 445/2000, at any stage of the procedure. If the above-mentioned check reveals the untruthfulness of the content of the declarations, the declarant shall forfeit any benefits resulting from the provision issued on the basis of the untruthful declaration, without prejudice to the provisions of Art. 76 of D.P.R. 445/2000, concerning the penalties provided for by the Criminal code and special laws on the matter.

The person responsible for the procedure is the Administrative Secretary of the Department of Molecular Medicine, Dr. Edda Fassari.

Art. 6 - Processing of personal data

The processing of personal data provided by candidates takes place in compliance with the provisions EU Regulation No. 679 of 27 April 2016 (General Data Protection Regulation - GDPR).

The complete privacy policy is available at the following link: <http://www.unipd.it/privacy>

Pursuant to art. 22-ter, paragraph 4, of Law 240/2010, this notice will be published on the Structure's website and on all other websites required by the funding body.

This announcement is also translated into English for informational purposes only; for all legal purposes, only the Italian version is valid.

Padua, date of registration

The Director of the
Department of Molecular Medicine
Prof. Stefano Piccolo
