Page limit is indicated for each section (not inclusive of figures)

3.1 Quality and pertinence of the project's research

max 4 pages, not inclusive of figure(s)

This section should include
- *Background and introduction, including the problem to be solved and rationale*
- *Objectives, that must be Specific, Measurable, Achievable, Relevant, and Time-Bound*
- *Overview of the proposed research and coherence to INF-ACT research programme*
- *Overall methodology, including interdisciplinary, holistic and problem solving approach to pursue research objectives*

3.2 Work Plan

max 5 pages, not inclusive of figure(s)

This section should include
- *Description of Work Packages*
- *Milestones and Deliverables*
- *Gannt Chart*

3.3 Innovative aspects of the research programme

max 2 pages, not inclusive of figure(s)

3.4 Impact of the research programme

max 2 pages, not inclusive of figure(s)

This section should include
- *Expected scientific impact(s);*
- *Expected economic/technological impact(s);*
- *Expected societal impact(s).*

3.5 Critical risks and possible contingency plans for the implementation of the project

max 1 pages, not inclusive of figure(s)

Please describe critical managerial, scientific and technical risks, relating to project implementation and detail the risk mitigation and contingency measures, including likelihood (low/medium/high) and severity (low/medium/high) for each critical risk.

3.6 Consortium arrangements, complementarities and synergies
max 2 pages

This section should include
- *Description of the consortium arrangments*
- *Description of complementarities and synergies within the consortium*
- *Role of each beneficiary and their contribution to the research programme*

3.7 Budget justification

Max half page

This section should include
- *Justification of the requested financing (this should be consistent with what stated in Attachment 4)*
- *Explanation of budget coherence with the proposed workplan*
- *Description of co-funding proposed (this should be consistent with what stated in Attachment 4)*

3.8 Quality, capacity and role of each beneficiary

max 2 pages for each beneficiary

This section should include:

- *General overview of each participating beneficiary;*
- *Role and commitment of beneficiaries to the research programme, possibly also through description of the key researchers involved in planned project activities and previous relevant achievements;*
- *Appropriateness of the available research infrastructure;*
- *Previous experience in implementing excellent research programme;*
- *Participation in international and national networks and committee related to infectious diseases and list of key relevant international collaborations;*

3.9 Data Management Plan, Dissemination, Communication and Outreach

Max 2 page

This section should include
- *Data management plan, including how the consortium will comply with FAIR (Findable, Accessible, Interoperable, Reusable) principles*
- *Dissemination, communication and outreach. How the consortium will comply with Open Science Policies? How the consortium will communicate and disseminate results? How the consortium will maximise the impact of the research programme towards various target groups (e.g. scientific community, general public, stakeholders, policy makers)?*
